

Church Health Consultant

Principle Function:

The Church Health Consultant will assist pastors and churches as they seek to enhance their spiritual, professional, and corporate lives.

Responsibilities:

- Develop ongoing relationships with the pastors of Central Association, and be available to help when called upon.
- Serve as the associational representative for the Church Strengthening Team, and Leadership Development Team.
- Be available to assist churches that are without pastors, and help them during their time of transition.
- Be available to help churches develop vision statements and strategies for the purpose of accomplishing the mission of the church.
- Be available to meet with church leadership for the purpose of helping them move toward church health.

Accountability:

The Church Health Consultant reports directly to the Director of Missions.
