

Church Planter Strategist

Principle Function:

The Church Planter Strategist will investigate and discover the best opportunities for successfully planting a strategic church in the rapidly growing areas of the Phoenix metropolitan community.

Responsibilities:

- Investigate and discover potential church plant sites.
- Develop local partnerships, and partnerships outside of the Phoenix area for the purpose of launching a successful church plant.
- Secure meeting space for a potential church plant.
- Develop the processes for outreach strategies, spiritual formation, data bases, etc.
- Become indigenized to the culture of the community.
- Develop the design and brand of the new church.
- Recruit and train a launch team.
- Launch a strategic church plant in the fall of 2007.

Accountability:

The Church Planter Strategist reports directly to the Director of Missions.
